Dear Mr. Capote: From Jack  
It is pathetic that Mr. King  
was killed but I hope the people  
of Memphis would have liked  
to give her a name - I don't know  
the model for non-violence  
kid Bham put him on jail  
you have rights to uphold law  
but I am not going to lie about  
health, it's a paid expert  
NOT on work & labor. I get  
crap from A.S.A. one can expect  
only trouble from Phil Parsons
