Re: 422 1/2 S. Main Street and
Vicinity Canvassed

REPORTED BY: Det. C. A. Gregory
FBI Agent H. Glyfee

At 8:00am April 5, 1968, Captain R A Cochran instructed Lt J D Hamby and Det. C A Gregory to go down on S. Main in the vicinity of 422 1/2 and canvass the neighbor for information regarding the shooting of Martin Luther King, Jr.

After arriving down on S. Main, Lt Hamby and Gregory went to the Cafe at 418 S. Main (Jim's Grill). We talked to Rosie Lee Dabney FC-29 of 911 Florida phone 947-7182. Rosie stated that she was on duty in the cafe all day of April 4, 1968, and she hadn't noticed anything of anyone unusual that day until the shooting occurred at 6:00pm. Rosie did state that a MW in his 30's came in around 4pm 4-4-68, wearing a dark blue suit. Rosie said that she thought it somewhat unusual that this MW should drink a lemonade and order eggs and sausage at that time of the afternoon, but other than that she didn't pay him any attention and stated she would not know him again if she saw him. No one else was on duty in the cafe as they had left earlier.

After leaving the cafe at 418 S. Main, Lt Hamby and Gregory were met out front by 2 FBI Agent who identified themselves as Frank Johnson and H. Glyfee. Agents Johnson and Glyfee stated they had just come from the Homicide office and were down on S. Main to canvass the neighbor for information. They suggested that we split up and 1 man from the City Police and 1 Agent from the FBI go together so each office will have the same information, regarding the canvass of the neighbor of 422 1/2 S. Main.

At 8:30am 4-5-68, FBI Agent Glyfee and Det. C A Gregory went to the U S Fixtures Co. at 416 S. Main phone 527-9388, and talked with H F Beal MW of 358 Perkins Ext. phone 683-1940. Mr. Beal stated that the day of the shooting he left for home about 5:20pm, and he hadn't seen anything unusual to him. Mr. Beal did state that on March the 28, 1968 the day of the riot he saw a MW on top of the building, across the street from his place of business and believed the building to be 417 S. Main that the MW was on with a pair of field glasses looking in the direction of the riot area. But Mr. Beal stated that several police cars went to the building and got the MW down and he don't know what happened after that.

Also at US Fixtures was another employee, Talmadge W. Martin of 1727 Rosedale phone 396-7973. Talmadge Martin stated that he was the only employee still in the building when the shooting occurred at 6pm, Mr. Martin stated he heard the shot but wasn't sure it was a shot or a loud noise like a firecracker. After the shot Martin stated he turned around in his chair and looked out the front window of the store as he had been sitting with his back to the front of the store, as he did this he observed what he described as a figure run in front of the store and this figure was running from North to the South on Main St. in front of 417, and he observed him for about 30' across the front of the store from about 50 feet back inside the store where he was sitting. Mr. Martin described this figure as that of a MW bareheaded and was wearing a brown sport jacket or brown coat, no further clothing description as Mr. Martin could only observe the MW from the waist up, but he could see that he wasn't carrying anything. Mr. Martin stated that the MW ran in front of the store about 30 seconds or no more than 2 minutes after he heard the shot. After about 2 or 3 more minutes Martin stated he got up from his desk and went to the front of the building at which time he observed several Policemen in the area and realized something was going on but didn't know what so he went back to his desk and continued his work. Mr Martin stated that prior to the shot he hadn't noticed anything unusual on the street nor had he paid any-attention to anyone in the area.

After obtaining this information Lt Hamby and Agent Johnson stated they would canvass the West Side of Main Street starting at 417 and Det. Gregory and Agent Glyfee were to start at the Firestation at Main and Butler and work South on the East side of Main to Calhoun then North on the West Side of Main until all parties met up again.
