Mr. Satchfield owns and operates Carrolls T.V. repair shop on Cooper St. and resides at his place of business, he owns a Mercury Station Wagon equipped with a Citizens Band radio.

Mr. Satchfield told us the only thing he knows about the Ray case is what he heard over his Citizens Band radio on the evening of the death of Martin Luther King. He respectfully declined to relate what he heard or did and did not wish to make any further statement about the case.

He did say however that he talked to Mr. Robert K. Dwyer of the Attorney Generals Office and to some F B I agents.
