

Memo to Sheriff Morris

From D. B. Hummer

Re: Check of X-Ray equipment

At 7:30 P.M., Dr. Geo L. Barker called regarding a request to check Jail X-Ray equipment.

A check with Chief Parker indicated no one had requested - to his knowledge.

At 8:00 P.M. I called Dr. Barker at his residence 683-3328 (after verifying listing) and advised we would recontact after we determine when can be done. He said Dr. \_\_\_\_\_ had requested. He said he would not be available 7-19 after 5:00 AM until after 10:AM in case we want to recontact.

Chief Parker was advised.

At 10:45 P.M., Chief Parker advised  
Dr. Parker had arrived at the jail  
with two patrolmen in a Sheriff's  
cruiser. He was admitted to the  
B&I to examine X-Ray equipment  
made a casual (even cursory)  
visual examination, had Chief  
Parker make an X-Ray of his "Barber"  
chest and departed in less than  
two minutes.
