Dear Sir, there is no Bible to justify the killing any white person because he or she kills a Negro. Why? Why? There is more than one reason, 1st the Negro has no Bible.

They are using the white man's Bible. Wearing the white man's name speaking the white man's language using the white man's brains and money the Negro race can't be identified nowhere in King James Bible as a man

Genesis 1-26 knows the Negro completely out of the Bible as a being man

No Negro can be the image and likeness to God Adam Christ or his mother Mary Christ is the image of God. Col. 1:15 Hebrew 1-3

Christ can be traced back to Adam St Luke 3 No trace of the Negro. Adam is the only thing God made and called man.

Then where in the Bible did God make the Negro? The only evidence that I can find is in

Genesis 1-25, there is where God made all the animals and beasts. Far further evidence

lets go to Genesis 7:13-14; these two verses prove that everything outside of the Noah

family & of persons were beasts and animals. So if there were any Negroes in the Ark they were classed as animals and beasts
over

the Supreme Court 2 started our downfall
in 1954

Go to the word face skull or head in
Websters old Dictionary and you will
find 3 heads. No 1 a human skull head
a white man's. No 2 is a negroes head
african. No 3 is an ape head

This proves that the Negro is a creature
between man and an ape
a substitute for a man a secondary
man Not a 1st Class Human

The Negro and the White Court both both
be an offspring of Adam. two different
kinds

Africa is the origin of the Negro and that's
all we know

P.S. These lines are personal. Confidential
I am afraid of revenge. The Supreme Court
the Negroes and the Grate Society have made
the U.S.A. a very very dangerous place to
live. They have murdered Civilization and
Christianity.

I have been voting a Democrat - Republican
ticket for 60 years. Now I don't know which
way to look. All our candidates for office now
are Negro - Hesperical. I am not voting
for No Negro - Hesperical for President
It looks like the days of 1850 1860 1865
are at our front door
