

IDA COOPER COLLECTION CEMETERY LISTINGS

Ida Pitts Cooper (Mrs Howard W.) of Arlington, TN, now deceased, researched and copied many family and church cemeteries during the 1940s to 1960s. She also visited elderly residents during that time to gather information about families, land, houses and burials. Her genealogical collection is among the extensive manuscript collection at the Memphis/Shelby County Library and Information Center, History Department.

This section includes a listing of those buried in cemeteries not recorded in "Gravestone Inscriptions of Shelby County, Tennessee", V. I, V. II, and V. III by Elam, Erickson and Hunt. Some additions and variations to the gravestones of cemeteries that appear in those volumes are listed, especially different dates.
