

9329 Waikiki, Honolulu HI
Post Office
November 23, 1968

Hi
Sure glad your trial date was set back a few weeks, because I wouldn't have wanted to miss all this botanists' paradise just to stand by for a trial that did not start as scheduled. The weather has been great, in the low 80's every day, so it has allowed for a lot of time on the beach at Waikiki. It sure didn't look like it does now, during World War II!!

Aloha - Phil Benjamin
