Interview - Mr. Julius Graham County Savings & Loan
804 N. Fifth St. Apt #5

Julius Graham was in Canipes on So. Main St. on April 4, 1968 between 5:30 PM and 6:00 PM, looking at records, glanced to the right (which is to the West) and saw a man walking fast going South on So. Main, also heard foot steps, seconds after this man passed by, Graham was aware that something had been dropped in front of the door. This man was white, about five feet nine inches or so, dark hair, dark business clothing, he could not tell if a tie was worn by the man. Cannot give description as to age but will guess between 25 and 35 years of age, medium build, just saw man for a second. A few seconds elapsed between the time that ^{Graham} Gordon was aware that something had been dropped in front of the door and the time Mr. Canipes started to the door. About one minute after Mr. Canipes walked to the front door and looked at these dropped items, from inside the door, a white Mustang drove off (fast) from South of the store, in a northerly direction on So. Main St. Graham heard tires make a loud noise. Graham says about three minutes went by from the time the items were dropped until a Deputy Sheriff came to the front of the store looked up, then ran across the street with gun drawn. The Sheriff went behind a car and looked up on the top of the building at 424 So. Main. Officers began to come around front of the building. Graham gave a statement to the police.
