

SHELBY COUNTY SHERIFF'S DEPARTMENT
CRIMINAL COURTS BUILDING
MEMPHIS, TENNESSEE

August 11, 1968

SHERIFF WILLIAM N. MORRIS, JR.
CRIMINAL COURTS BUILDING
MEMPHIS, TENNESSEE

RE: PHYSICAL SECURITY
(Protection of Utilities)

Dear Sir:

In view of the effect of the recent fire in the basement boiler room which interrupted power facilities, it is recommended that a barrier be erected as shown in the attached sketches.

Such a barrier would minimize the possibility of some missile, explosive or incendiary being thrown from a passing automobile into the basement entrance. Obviously, a Molotov Cocktail broken against the door would permit flaming gas to run into the basement.

As information, two of the sentry boxes are now equipped with fire extinguishers.

Respectfully submitted,

David B. Hinman
Captain

DBH/prb
