Dear Sir in close plus

a nice man as the paper
stated on law officers -
here in Bradley County
are very rough & brutal
they beat you up and
make false statements
agency and I so glad
they are getting a lawyer
from Alabama to defend
the prisoner he has a
right for a jury trial
& justice just because
he accused no sign

be the guilty person

I + lat share of no
paper here in Bradley -
have been deprived of
living in our own
homes we are not allowed
to even see the original
wills if they are probated
they sell our place under
dead paper name & if we
want sign the deed
then or they did arrest me
I + took me to jail once
I would like to get in
contact with the lawyer
from All that will
defend Earl Ray I get
to get help & it looks
as if it must be a

out of state lawyer
there a check will on
our record in book 4 p
338 I refused the request
for a wife & to see
the original will

Can you be of any
help to me I own a
farm here willed to me
by my father J W Johnson
about 19 ~~30~~ 32 or 39

my so come here from the
U S Army may 18 1946
was thrown out of the
house Aug 23 1946

I even make a chance
Court order of I go back
on my farm & to be
arrested & put in jail

I had 4 Court appointed
Attorneys. They did not
do their duty as Attorneys
I want to know who
made the cracked will

to the Alabama Attorney
