January 5, 1969

Sheriff William O. Morris
Criminal Court Building
North Main Street
Memphis, Tennessee

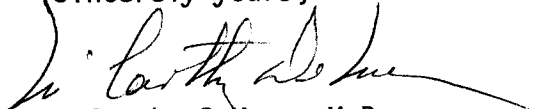

Re: James Earl Ray

Dear Sheriff Morris:

We obtained permission to complete blood studies on the subject from Public Defender Stanton. I took technician, Miss Marcia Black, from Dr. Paul Drenning's office to the Shelby County Jail at 3:00 p.m. January 3, 1969. She did not enter the block where the subject was being held.

I entered and obtained 30 cc's of whole blood, with the permission of the subject, and this was taken out and placed in the separate containers.. I have entered the name, J. J. Clark on the specimens and the reports will come back under this name.

Sincerely yours,

McCarthy DeMere, M.D.
