Dear Judge Walker:

I am delighted to hear from our vice chairman, Howard Williams, that the demonstration of the closed circuit in Los Angeles was satisfactory, and that you want to continue to the next step, a presentation by you to the Court Management Committee of the Judicial Council.

Accompanying this letter are various exhibits which you requested:

1. Two sets of photographs showing the interior of Department 107 from various positions.
2. A revised form of the memo handed to you and the other judges at the demonstration Friday.
3. An additional memo outlining some of our thinking on the two points on which you requested elaboration:
  - A. Financing a closed circuit system.
  - B. Making the system secure against recordings, photographs and taps.

I should point out that all of these pictures were taken in natural light. Photos taken with flash or strobe lights may show the interior of the air conditioner. In natural lighting the interior is completely invisible.

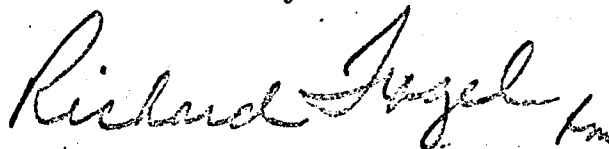

Honorable Herbert V. Walker
